RESTUBE®
SMART WATER SAFETY

RESTUBE Safety Partner Concept

RESTUBE stands for increased safety in and around water. Our innovative buoyancy systems provide protection for athletes, families, and rescue professionals. At the same time, we are committed to making water activities safer worldwide and raising awareness about water safety.

A RESTUBE Safety Partner serves as an ambassador for water safety, actively promoting safe water sports and drowning prevention by sharing RESTUBE's mission and vision. Together, we aim to foster awareness of the importance of safety measures in water and offer solutions that can save lives. Alongside our partners and community, we strive to create a future where everyone can feel safe and free in the water.

What our partners say:

“Only with RESTUBE on the Baltic Sea!” - Foerdekeks SUP has proudly been a RESTUBE Safety Partner since 2020. As a member of the German Stand Up Paddling Association (GSUPA), safety on the water is our top priority! With RESTUBE products, we and our customers are always “safe on SUP” and are already looking forward to the SUP season.”

Foerdekeks SUP, Tanja Miranda

“The safety of our lifeguards is our top priority and close to our hearts. That's why every lifeguard with us wears RESTUBE both on and off duty, in and around the water. We were thrilled to test the RESTUBE Lifeguard and use it actively in water rescue operations on the North Sea – simply AMAZING!”

DLRG OG Hamburg Nord-Ost, Evi Marquardt

“We are thrilled to have RESTUBE as a reliable partner. RESTUBE provides safety for our athletes, ensures equal competition conditions, and supports water rescue as well as us as event organizers – we love open water.”

Austria Swim Open, Philipp Kennedy
